

EMT STRAPS

SNAP ON TYPE – TWO HOLE – STEEL

Description:

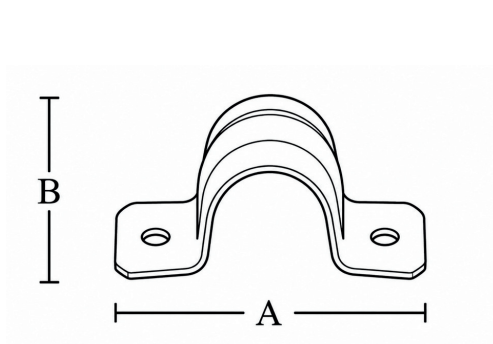

Designed to secure EMT conduit to mounting surfaces using two fastening points for stable and balanced support. The formed steel profile fits around the conduit, while the two-hole design distributes the mounting force on both sides

- **Material:** Galvanized Steel
- **Type:** Two-hole
- **Application:** Secure EMT conduit to mounting surfaces
- **Location:** Dry locations
- **Feature:** Reinforcing rib for added strength and rigidity
- **Packaging:** Master Carton + Inner Carton (Small Sizes) + Inner Plastic Bag

VELKOR TIP | One Hole vs Two Hole

Two-hole straps are often thinner than one-hole straps because two mounting points distribute the load more evenly. Thickness alone does not determine strap strength.

VELKOR ITEM NO.	SIZE	A (in.)	B (in.)
531	1/2"	2.20	.56
532	3/4"	2.67	.62
533	1"	2.97	.68
534	1-1/4"	3.67	.75
535	1-1/2"	4.22	.88
536	2"	4.91	1.00
537	2-1/2"	5.91	1.00
538	3"	6.71	1.00
540	4"	8.31	1.00
